

# Assignment 2 : Mind map & Test Collab

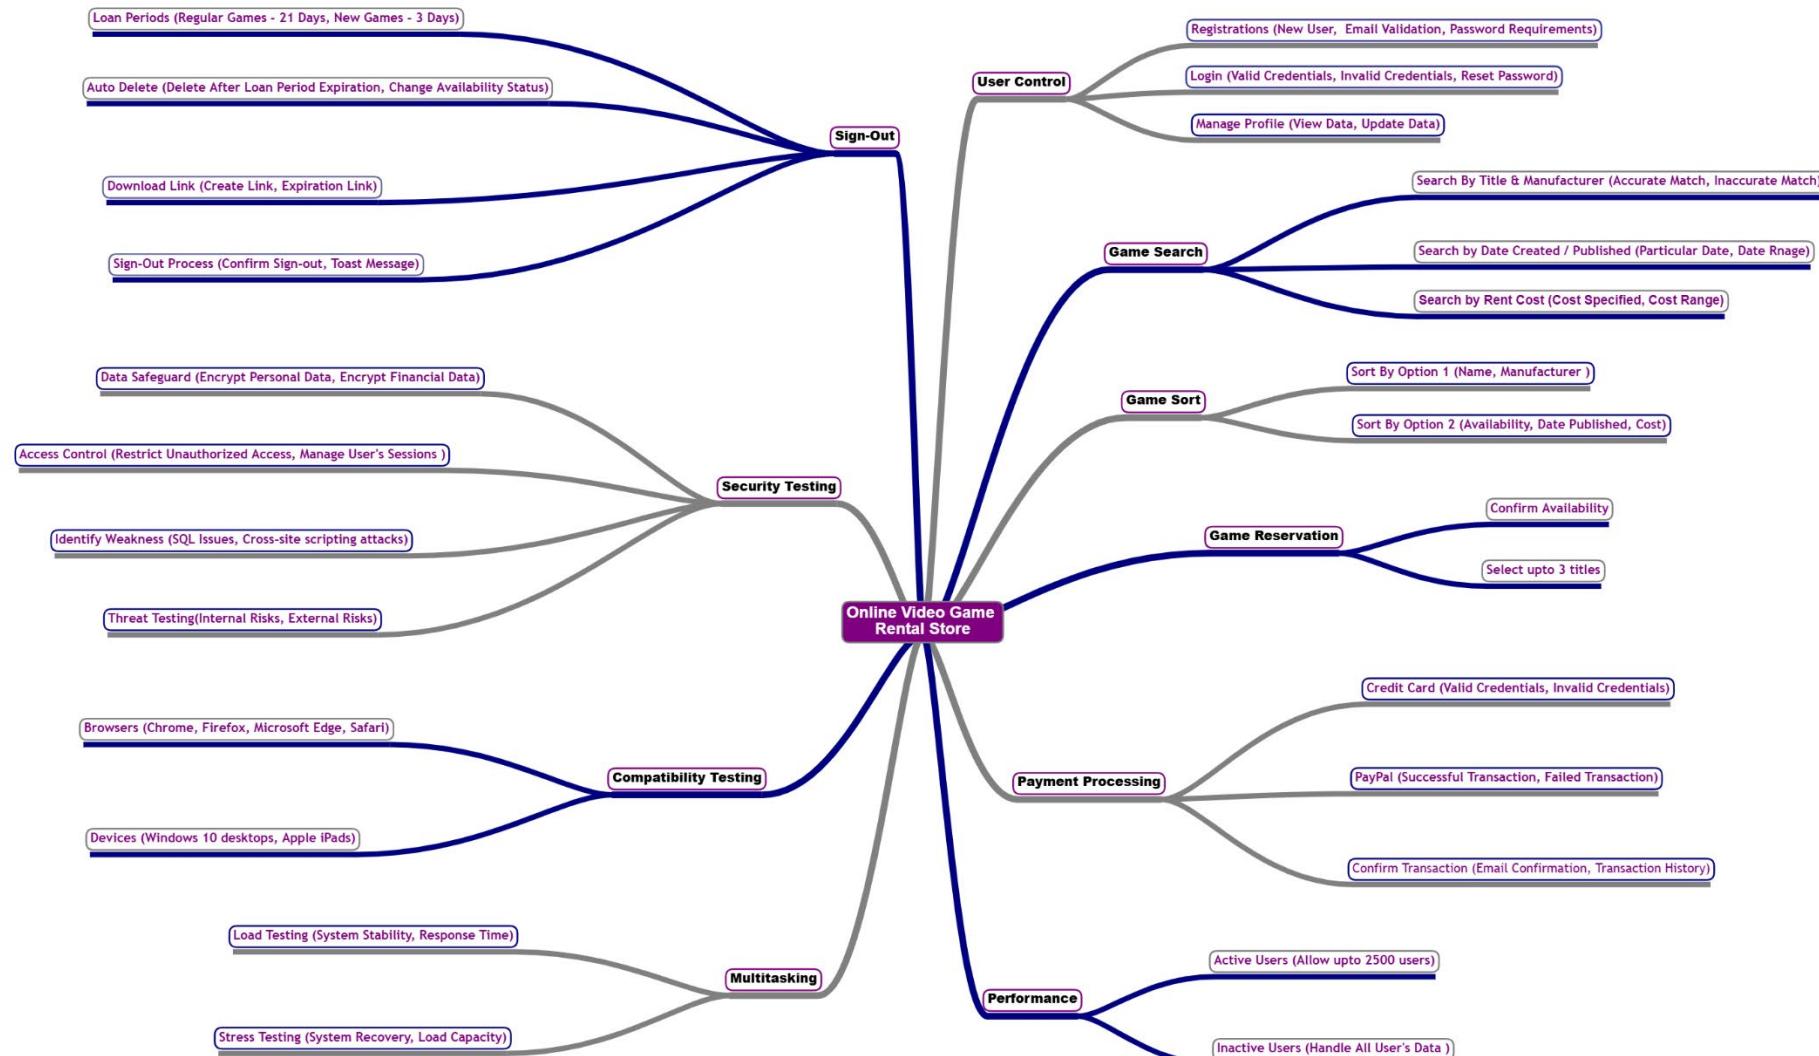

**Date:** 07-Feb-2024

**Student ID:** 8993413

**Student Name:** Urvi Surti

**Subject:** Software Testing Tools (SENG8031)

# Mind Map:

## Issue 1:

The screenshot shows a test management interface for 'Assignment 2 - Online Video Game Rental Store'. The left sidebar contains navigation links: Project Dashboard, Test Cases (selected), Test Plans, Requirements, Reports, and Settings. The main area displays a test case titled 'Registration of new user' (#1303898). The test case details are as follows:

- Title:** Registration of new user
- Priority:** ⚠️ High
- Suite:** Online Video Game Rental Store
- Description:** Verify that new user registers with valid credentials
- Steps:**
  1. Navigate to registration page
  2. Enter valid credentials
  3. Tap on 'Register' button
- Expected Result:**
  1. Page loads with fields for user's data
  2. System accepts credentials without errors
  3. User is registered. Redirects to confirmation page and receives confirmation email

## Issue 2:

The screenshot shows a test management interface for 'Assignment 2 - Online Video Game Rental Store'. The left sidebar contains navigation links: Project Dashboard, Test Cases (selected), Test Plans, Requirements, Reports, and Settings. The main area displays a test case titled '#1303915 Registration with empty fields'.

**Title:** Registration with empty fields

**Priority:** ⚠️ High

**Suite:** Online Video Game Rental Store

**Description:** Verify that user registers with empty fields

**Steps**

1. Navigate to registration page
2. Leave credential's fields empty
3. Tap on 'Register' button

**Expected Result**

1. Registration page loads properly
2. Fields for user's data remains empty
3. System should show errors for mandatory fields

A blue '+' button is located at the bottom left of the test case details panel.

## Issue 3:

The screenshot shows a test management interface for a project titled "Assignment 2 - Online Video Game Rental Store".

**Left Sidebar (Navigation):**

**Test Case Details:**

#1303918 | Login with valid credentials

Priority: ! High

Suite: Online Video Game Rental Store

Created by Urvi 27 minutes ago

**Title:** Login with valid credentials

**Description:** Verify that user logs in with valid credentials

**Steps:**

1. Navigate to Login page
2. Enter valid credentials
3. Tap on 'Login' button

**Expected Result:**

1. Login page loads properly
2. System accepts entered valid credentials without any errors
3. User should be able to log in an account successfully

**Bottom Right:** A blue circular icon with a white speech bubble symbol.

## Issue 4:

The screenshot shows a test management interface for 'Assignment 2 - Online Video Game Rental Store'. The left sidebar contains navigation links for Project Dashboard, Test Cases, Test Plans, Requirements, Reports, and Settings. The 'Test Cases' section is expanded, showing various test cases including 'Registration of new user', 'Registration with empty fields', 'Login with valid credentials', 'Login with invalid credentials' (which is selected), 'Login without registration', 'Password Reset', 'Logout Account', 'Search games by title', 'Search games by manufacturer', 'Search games by published date', 'Search games by cost range', and 'Search games by availability'. The main panel displays the details for the selected test case, '#1303920 | Login with invalid credentials'. The title is 'Login with invalid credentials' with a priority of 'High'. The suite is 'Online Video Game Rental Store'. The description is 'Verify that user logs in with invalid credentials'. The steps are listed as follows:

Steps	Expected Result
1. Navigate to Login page	1. Login page loads properly
2. Enter invalid credentials	2. System should validate that entered credentials are invalid
3. Tap on 'Login' button	3. System should show errors for invalid credentials

Created by Urvi 26 minutes ago

## Issue 5:

The screenshot shows a test management interface for a project titled "Assignment 2 - Online Video Game Rental Store". The left sidebar contains navigation links for Project Dashboard, Test Cases, Test Plans, Requirements, Reports, and Settings. The main area displays a test case titled "#1303921 Login without registration".

**Test Case Details:**

- Title:** Login without registration
- Priority:** ! High
- Suite:** Online Video Game Rental Store
- Description:** Verify that user tries login without account registration
- Steps:**
  1. Navigate to Login page
  2. Enter non-registered account
  3. Tap on 'Login' button
- Expected Result:**
  1. Login page loads properly
  2. System should validate that account does not exist
  3. System should show errors for non-registered account

A blue plus sign icon is located at the bottom left of the sidebar, and a blue speech bubble icon is at the bottom right of the main area.

## Issue 6:

The screenshot shows a test management interface for an 'Assignment 2 - Online Video Game Rental Store' project. The left sidebar contains navigation links for Project Dashboard, Test Cases, Test Plans, Requirements, Reports, and Settings. The 'Test Cases' link is currently selected. The main area displays a test case titled 'Password Reset' with ID #1303923. The test case details are as follows:

- Title:** Password Reset
- Priority:** ! High
- Suite:** Online Video Game Rental Store
- Description:** Verify that user resets password with forgotten password functionality
- Steps:**
  1. Tap on 'Forgot Password' link
  2. Enter registered email
  3. Submit request
  4. Navigate to registered email account
- Expected Result:**
  1. System should navigate to forgot password page
  2. System should accept email and verify it's registration
  3. System should send password reset email to registered email
  4. User should receive password reset email

A blue '+' button is located at the bottom left of the test case details area.

## Issue 7:

The screenshot shows a test management interface for 'Assignment 2 - Online Video Game Rental Store'. The left sidebar contains navigation links for Project Dashboard, Test Cases, Test Plans, Requirements, Reports, and Settings. The 'Test Cases' section is expanded, showing a list of 30 test cases, including 'Logout Account' which is highlighted.

**Logout Account** Test Case Details:

- Title:** Logout Account
- Priority:** ⚠️ High
- Suite:** Online Video Game Rental Store
- Description:** Verify that user logs out account
- Steps:**
  1. User is logged in their respective account
  2. Tap on 'Logout' button
- Expected Result:**
  1. User should be successfully logged into their respective account
  2. User should be able to log out account

Below the main details, there are tabs for Comments, Run History, and Change Log. A blue '+' button is located at the bottom left of the main content area.

## Issue 8:

The screenshot shows a test management interface for 'Assignment 2 - Online Video Game Rental Store'. The left sidebar contains navigation links for Project Dashboard, Test Cases, Test Plans, Requirements, Reports, and Settings. The 'Test Cases' link is currently selected. The main area displays a test case titled '#1303926 | Search games by title'. The test case has a priority of 'High' and is part of the 'Online Video Game Rental Store' suite. The description is 'Verify that user search games by title'. The steps section lists two steps: 1. Enter game title in search bar and 2. Tap 'Search' icon. The expected results are 1. System should accept entered title as search criterion and 2. System should suggest games that matches entered title. The interface includes tabs for Comments, Run History, and Change Log, and a blue '+' button at the bottom left.
